WORK EXPERIENCE

Aug 2013 - Present

LEGEND HIGH SCHOOL PARKER, CO Math Teacher

LHS is a 2,000+ student high school located southeast of Denver. Currently in my third school year at LHS and have instructed or currently teaching the following courses: Algebra 1, Geometry, Pre-Calculus, and Trigonometry

- Teach students 21st century skills that prepare students to succeed in college or career in their future
- Develop assessments where students have the choice on how they want to display their knowledge and learning
- Collaborate with colleagues to create common assessments
- Incorporate AVID strategies into daily lesson plans

Aug 2011 - June 2013

ST. MICHAEL SCHOOL ORLAND PARK, IL Math Teacher

SMS is a private K-8 school. I was the junior high math teacher that instructed Pre-Algebra, Algebra 1, and Accelerated Algebra 1.

- Developed stimulating and engaging lessons by integrating technology (SMART software, iPads, Desktops)
- Increased Terra Nova math test scores to 98% of students scoring above the national percentile
- Created a proactive outreach with parents of disobedient or struggling students in order to create a team relationship

Summer 2007, 2008, 2009, 2010

CULVER MILITARY ACADEMY CULVER, IN Summer Camp Counselor

CMA is a 6-week residential camp for ages 14-18. Campers enrolled at CMA build character, learn leadership skills, value self-discipline, and participate in activities that others only dream of.

- Provided a positive role model for 45 young female adults from around the world
- Built a community, where each camper was able to share ideas and thoughts in a safe environment
- Communicated with parents about child's well-being, accomplishments, and concerns
- Consistently updated social media to keep family and friends of campers updated throughout the duration of the camp
